Tic Tac Toe

Basically. Tic Tac Toe looks like

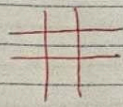

☆ How to sput into VScode and use git and get hub.
main for Assignment 4.

How game should look like

Start Page (Tic Tac Toe)

chess board design.

make chessboard.cs.

3×3 chessboard
600 pixel   each cell 200×200 pixels
Color "black"

Use Gitkraken to manage program. and make sure each submition
can to the main

7. Steps for design

① Setup and main Game loop.
② Game state management
③ Game Board and Turns
④ Handling Input.
⑤ Draw the board
⑥ Win Conditions for the Game
⑦ close and restarting the Game.

⬇

① namespace class Static void to set up

② show title screen.
③ use int or bool like 0 = empty 1 = X 2 = O
③ use if to handling input
④ use if else if to draw
